“Don’t Even Do It”

Smoking does not make you cool
It makes you look just like a fool

Your lungs are no longer pink
Now they are black, just like ink

Whether you are old or young
Chewing will destroy your tongue

Think before you take that “dip”
Don’t you know you’ll lose your lip?

Chorus:

Don’t smoke it
Don’t sniff it
Don’t snort it
Don’t chew it
If you value your life
Don’t even do it

For every cigarette that gets lit
There’s another person who needs to quit

You have no one else to blame
You should feel a lot of shame

Tobacco will fulfill your fears
Your loved ones will be left in tears

Now you know if you decide to smoke
You’ll be the “butt” of the joke

(Chorus)
